## Task-Based Risk Assessment: Sports Jam

Identify Task		Identify hazard	Potential Impact	Risk Rating before controls	Control Measures	Risk Rating following corrective action
1	All Activities	Equipment	Students could obtain injuries caused by inappropriate handling of equipment.	High	Explain and demonstrate safety guidelines and how to handle equipment. Advise staff of potential risks to assist with supervision.	Low
2		Trips, slips and/or falls	Students could fall, trip or collide on/off equipment and/or with other students.	High	Explain and demonstrate how to appropriately use equipment at each rotation. Ensure students are wearing appropriate footwear. Keep areas tidy as frequently as possible so equipment and materials do not accumulate on the floor.	Low
3		Propelled equipment	Students could propel items that may lead to hitting someone. Students could stand on an item and fall.	High	Explain boundaries to students and warn against standing where items are propelled. Keep areas tidy as frequently as possible so equipment and materials do not accumulate on the floor. Advise staff of potential risks to assist with supervision.	Low
4	Working outdoors	Weather conditions	Students could experience sunburn, heat stress and/or dehydration.	Extreme	Ensure students are wearing appropriate personal protective equipment, such as a hat and sunscreen, to maximise coverage of skin. Ensure plenty of fluids are available. Where possible, take breaks.	Low
5		Uneven ground	Students could slip, trip and/or fall resulting in injury.	High	Review area to determine if it's an appropriate and safe workspace. Ensure students are wearing appropriate footwear. Advise staff of potential risks to assist with supervision.	Low

In assessing the level of risk, considerations such as the likelihood of an incident happening in combination with the seriousness of a consequence are used to gauge the overall risk level for an activity. The matrix below has been used as a guide to assist with developing the risk assessment:

Likelihood	Consequence				
	1 Insignificant	2 Minor	3 Moderate	4 Major	5 Critical
5 Almost Certain	Medium	Medium	High	Extreme	Extreme
4 Likely	Low	Medium	High	High	Extreme
3 Possible	Low	Medium	High	High	High
2 Unlikely	Low	Low	Medium	Medium	High
1 Rare	Low	Low	Low	Low	Medium

Risk Level	
Low	Little chance of incident or serious injury.
Medium	Some chance of an incident and injury requiring first aid.
High	Likely chance of a serious incident and injury requiring medical treatment.
Extreme	High chance of a serious incident resulting in highly debilitating injury.
