Utilising classsroom resources multiple ways:

I need **number** of games I can play with **resources** that involves **focus**. This needs to be suited to **year level.**

Example:

I need **10** games I can play with a **deck of cards** that involves **addition and subtraction.** This needs to be suited to **level 3 students.**

Handy Hint:
ChatGPT can differentiate the games for you.
Ask ChatGPT to include extensions for each of your games to keep your students challenged.
