Creating Individual Education Plans:

Provide an Individual Education Plan (IEP) for a student working at level **x,** focusing on **area of need,** in line with the Victorian Curriculum. Include **x** goals with corresponding strategies and suggest a home activity for parents under each goal.

Handy Hint:
ChatGPT keeps all your chats.
You will find all previous chats in the sidebar. This means you always have a saved copy of your IEP.

Example:

Provide an Individual Education Plan (IEP) for a student working at level **2**, focusing on **reading fluency** in line with the Victorian Curriculum. Include **three** goals with corresponding strategies and suggest a home activity for parents under each goal.
