Task-Based Risk Assessment: Maps & Mayhem

Identify Task		Identify hazard	Potential Impact	Risk Rating before controls	Control Measures	Risk Rating following corrective action
1	All activities	Trips, slips and/or falls	Students could fall, trip, or collide with other students and/or on uneven grounds resulting in injury.	High	Clearly outline rules of activities for students to understand boundaries and how to appropriately engage in activities. Review area to determine if it's an appropriate and safe workspace. Ensure students are wearing appropriate footwear. Advise staff of potential risks to assist with supervision.	Low
2		Equipment	Students could obtain injuries caused by inappropriate handling of equipment.	Medium	Clearly demonstrate and explain to students how to safely handle equipment. Advise staff of potential risks to assist with supervision.	Low
3	Treasure Hunt	Weather conditions	Students could experience sunburn, heat stress and/or dehydration.	Extreme	Ensure students are wearing appropriate personal protective equipment, such as a hat and sunscreen, to maximise coverage of skin. Ensure plenty of fluids are available. Where possible, take breaks.	Low
4		Working outdoors.	Students could wander outside of school boundaries.	Extreme	Explain rules and boundaries of the treasure hunt to students and staff. Have staff assist in supervision to ensure students do not roam out of bounds.	Low

Supreme Incursions

Engaging. Educational. Hands on.

In assessing the level of risk, considerations such as the likelihood of an incident happening in combination with the seriousness of a consequence are used to gauge the overall risk level for an activity. The matrix below has been used as a guide to assist with developing the risk assessment:

Likelihood	Consequence				
	1 Insignificant	2 Minor	3 Moderate	4 Major	5 Critical
5 Almost Certain	Medium	Medium	High	Extreme	Extreme
4 Likely	Low	Medium	High	High	Extreme
3 Possible	Low	Medium	High	High	High
2 Unlikely	Low	Low	Medium	Medium	High
1 Rare	Low	Low	Low	Low	Medium

Risk Level	
Low	Little chance of incident or serious injury.
Medium	Some chance of an incident and injury requiring first aid.
High	Likely chance of a serious incident and injury requiring medical treatment.
Extreme	High chance of a serious incident resulting in highly debilitating injury.
